

Fruits of Truth Manifesting

2 Jn 4 I rejoiced greatly because I found your children walking in truth, as we received command from the Father.

3 Jn 4 I have no greater joy than these things, that I hear my children are walking in truth.

God's truths of redemption produce fruit as you receive & believe them!

Jesus is the High Priest of a better covenant, & that covenant is full of life, peace, grace, & revelation knowledge!

The more you become convinced & persuaded of God's good will for you in all things, the more you find bold faith arising in you, stirring you to press on in obtaining all the promises of God as 'yes & amen' for you!

I want to share a few short updates on good reports we've received from people either in our worship services, through the outreaches of Fresh Fire, Great Grace, or at Doppio Coffee shop. I believe they will encourage you!

- 1. In church this past Sunday, while musical worship was taking place, i had the Holy Spirit break me out into intense & extended laughter, & in the process, a headache that had been with me all morning disappeared, not to return! "A merry heart does good like medicine!"*
- 2. On a recent Friday night Miracle Makers school, a woman broke down crying while sharing a prayer request for healing of a family relationship. The next Friday night, she testified how by meditating on Bible promises of God's love for her, the hurt & frustration of the relationship was wiped away, & she is calmly confident that the relationship is going to be transformed through God's grace!*
- 3. A man that has been drifting in & out of our ministry for 20 years is planted with us this season, with his children attending with him, multiple times a week. He is feeding on the Gospel truths of grace, & is being fed by the Holy Spirit each time we gather for study & fellowship. His comment has been, "because of a large amount of religious legalism I've been fed regularly in church, I wasn't always ready to believe the truths of the New Testament that you & your ministers are teaching. Even though I would leave your congregation with confusion, as you know, I've always been drawn back. I now realize that this is the truth that is setting me free, & I want my children to feed on these truths also!" (This man is now compiling notebooks of New Testament nuggets of truth that he will use to teach others of!)*
- 4. A beloved member of our Great Grace fellowship in Marietta has made a tremendous transformation in his understanding of & belief in the Gospel of Grace. A couple of years or so back, he would regularly question us about the doctrinal foundation of the things we were teaching from God's Word, & not only would he be puzzled about them, sometimes he'd be sceptical of them. Nonetheless, he has faithfully continued with us, & now, these days, he's defending these truths from a wellhouse of his own understanding, & he is doing so in public, in volunteer positions, & in nursing home settings, & what a blessing he is being to people!*
- 5. A woman talked with me after church a couple of Sundays ago, & as she did, she was weeping, due to how relieved she had become over the last couple of months, because of the Truths of Grace that she'd been feeding on in our church services each week. She stated that if she'd known the truth about God's love for her & will for her life, she'd not've spent the last several years 'running from Jesus'. Now the running is over, & she is running into the arms of her Heavenly Father, spirit-to-Spirit, in prayer, worship, & in fellowship!*

Thank you, very much, for your help in us obtaining results like these. We will continue to be faithful by the Spirit & Word of God, & we will see much more fruits of righteousness! You are partnering with us in this journey! Thank you!

"Taking the Gospel of the Grace of God everywhere we can, to every one we can, in every way we can!"

Dr. Christopher Longgear
