

# Good Reports from Fresh Fire Ministries

Healing Knowledge  
Revelation

Outreach is growing  
Compliments

*Good Reports from Fresh Fire Ministries*

## **Healing is continuing to manifest in our gatherings!**

often during our services & Bible studies at either Fresh Fire Church in Parkersburg or at Great Grace Fellowship in Marietta, I, Sandy, & our pastoral staff will move through the congregation & lay hands upon everyone in attendance, casually, while ministry is taking place. Recently, Sandy laid hands upon one of our ministers, Opal, who received an instant release from pain she had all morning. The pain stayed gone! This weekend, Opal was laying hands on people quietly during church, & one woman she touched, April, received an instant healing to her body, & had no more pain or stiffness, of which she testified in our evening ministry session!

## **Revelation Knowledge is flowing!**

"Every time I come in the doors of your church, I instantly sense the presence of the Lord!"

"I enjoy coming to Fresh Fire because I always get loved on by the Holy Spirit, & by the people there!"

## **(Compliments shared with us lately by people).**

A woman that belongs to another church & has been attending our outreach in Marietta on either Wed. or Sun. nights asked me the other day, "why is it that the Holy Spirit speaks to me in your ministry sessions, but He doesn't seem to speak to me while I'm at my church?" I gave her a response the Spirit suggested to me then, "maybe our environment is different than your home church environment is!" Meaning that the flow of the ministry, the focus of the ministry, & the content of the ministry can be different from one ministry to another!

## **Our international outreach is growing!**

We just mailed audio, video, & printed materials from our production teams to India & England last week, with materials slated to mail out to Pakistan, Kenya, Uganda, Wales, & Southern India soon, as the finances are available! We currently are linked up with about 10 ministries from other nations that are asking us for materials, support, & ministry covering, & we are following the directions of the Lord in how to minister to these precious ministries around the world!

I, Sandy, & all of our families of Fresh Fire Ministries Intl & Great Grace Fellowship, & Fresh Fire Church are thankful for the Lord's presence, & for the privilege to joyfully share the Gospel of Grace.

Thank you so very much for your prayers of agreement, fellowship, love, & financial partnership! We appreciate you so very much!
