God was Pleased to Bruise Jesus!

Dr. Christopher Longgear

Isaiah 53/10 it pleased the Lord to bruise Him; He has put Him to grief.

It was with great foresight, deep commitment, & matchless compassion that God provided our eternal salvation & redemption through the punishment, torment, & suffering that Jesus endured throughout the ordeal of Calvary.

At the proper time in history, Jesus became the target of condemnation, judgement, & torment, by the will of God, as He manifested the redemption of His greatest creation, mankind. God was pleased in putting all of man's guilt, sinfulness, & blemishes upon Jesus, once & for all, so that He could release man from the offenses they'd committed, & the debt to God they could not pay, & He could clear the slate in our behalf from all guilt & sin, by the sacrifice of Jesus!

What relief our Heavenly Father must've felt when Jesus died with the sin of the world, for the Father knew that sin would never again be a barrier between Himself & the crown of His creation, humanity!

In the sacrificing of Jesus, God forgave sin, & provided redemption from everything that cut man off from His presence. Through redemption by Jesus, God restored mankind to Himself, & provided the way into the family of God, through the agency of the Holy Spirit!

It is very beneficial to understand that the only reason the Heavenly Father, the God of Love, would be glad to turn Jesus over to pain, misery, rejection, condemnation, & tragic death, was so that everyone else in history could be forgiven, redeemed, & Born-again through calling upon Jesus & receiving the gift of the Holy Spirit. Jesus became the Lamb of God once, so we could become the children of God forever! He was rejected, we're accepted! He was condemned, we're acquitted! He was cut off, we've been grafted in! He died with our sin, & we're alive with His righteousness!
